### **RESIDENTIAL PLACEMENT PROCEDURES**

**Effective July 1, 2008**

#### **I. PLACEMENT GUIDELINES:**

The Department has limited funding to enhance bed capacity for transitional placements for male and female offenders leaving the Juvenile Correctional Centers. Residential placements can be made with the approved vendors (see following pages) by following procedures as outlined below.

Juvenile offenders referred must be 16 - 20.5 years of age. Placements will initially be approved for four (4) months. Extensions for two additional months can be requested. The extension must be received, reviewed and approved prior to the end of the initial four month stay. The maximum length of stay is six (6) months.

Referrals for male parolees must indicate in the rationale for placement that there is currently not bed space available in the state-operated halfway houses, the parolee was not accepted, or placement with the selected vendor can better meet the needs of the parolee. Referrals must also indicate placement plans for the parolee following discharge from the residential facility.

Referrals for female parolees will also follow the same procedures. While there are no state-operated halfway houses for females, you would also submit a halfway house rationale that will address the need for placement, what will be the goals and objectives of placement, and the placement plans upon completion of a private placement.

#### **II. REFERRAL AND APPROVAL PROCEDURES:**

##### **A. Vendor Selection and Funding Request:**

The parole officer shall:

1. Determine if an approved vendor can meet the needs of the parolee and has bed space available.
2. Forward background information on the referred youth to the vendor to allow the vendor to make a decision regarding acceptance.
3. Prepare and forward a referral packet to Andrea McMahon, Transitional Services Specialist, at least sixty days (60) days prior to the anticipated release date. The referral packet must include:
  - a. The Community Based Transitional Services Referral Check List. (294 check list)
  - b. The Rationale of Halfway House Placement. The rationale must include a statement as to why the parolee is unable to be placed in a state-operated halfway house or in the Transitional Living Program if the request is for a male parolee.

## RESIDENTIAL PLACEMENT PROCEDURES

Effective July 1, 2008

Page 2

- c. Confirmation of acceptance from the vendor as soon as it is available.

### B. Extension of Services

1. Forward a request for an extension of services at least ten (10) work days prior to the end of the initial four months by completing a new Rational for Placement that indicates the need for continued placement and the goals and objectives to be accomplished with an additional two months.
2. Monthly progress reports from the vendor will also be reviewed to consider an extension for 2 months.

### C. Funding Approval:

The Transitional Services Specialist shall:

1. Review the referral packet and approve funding for the placement. Funding will be approved for four months. Extensions for services may be approved for an additional two months.
2. Enter the purchasing information into eVA.
3. Forward the approved purchase order to the vendor.

### D. Billing Procedures:

1. Bills will be forwarded by the vendor to the Transitional Services Specialist.
2. The Transitional Services Specialist will verify days of services, approve and forward to Accounts Payable.

### E. Reporting Requirements:

1. The parole officer will complete and forward Community Based Transitional Services Termination Report to the Transitional Services Specialist within three (3) working days of the youth's discharge.
